

Install Guide Best Start pēpi

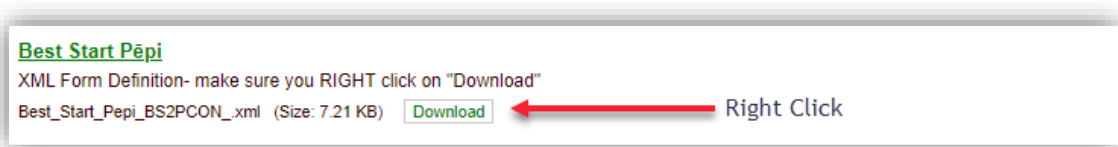

This document describes how to install the Best Start Pēpi form within the **Medtech32** and **Evolution** practice management systems. (Instructions are available for other PMS).

Pre-installation Check List – Medtech32 and Evolution

These instructions assume that *Best Start Pregnancy* has already been installed and is a prerequisite.

Download the files required:

Download “Best Start Pēpi” at <https://www.procon.co.nz/beststart> and save it to your desktop or documents.

Import the new advanced form – Medtech32:

1. Setup → Advanced Forms → Advanced Form Manager

(This creates a new menu at the top of the screen “Advanced Forms”)
2. Advanced Forms → Import Form
3. “Browse” to locate the file “Best Start Pēpi (BS2PCON).xml” that you downloaded earlier, and then “Open”.
4. “Validate”
5. “Import”.

Import the new advanced form – Evolution:

1. File → Options
Advanced Forms → Advanced Form Manager
2. Action → Import Form
3. “Browse” to locate the file “Best Start Pēpi (BS2PCON).xml” that you downloaded earlier, and then “Open”.
4. “Validate”
5. “Import”.

You’re done!

Logoff and logon again.

You can run the Best Start Pēpi form by starting a new Advanced Form in the normal manner:

- [Shift][F3], or
- New form from the “forms” tab of the F6 screen, or
- Module → Advanced Forms → New Form
