

Install Guide Best Start Pēpi

MyPractice

This document describes how to install the Best Start Pēpi form within the MyPractice system. (Instructions are available for other PMS).

Pre-installation

These instructions assume that the Best Start Pregnancy form has already been installed and is a prerequisite.

Installation

Open MyPractice

Add the new web form:

1. Tools → System Setup → Webform Parameters
2. Scroll down until you see a blank line where you can add a new entry.
3. Type in the details as shown here:

Name	Versio	Source	Base URL	Save	Form T
Best Start Pepi		Procon	https://secure.procon5.co.nz/webforms/nrepat/pepi.html	<input checked="" type="checkbox"/>	

(You can “copy” and “paste” the Base URL from here:

<https://secure.procon5.co.nz/Webforms/nrepat/pepi.html>

- 4.

To run the form

When accessing a patient’s notes, click on the “Form” tab (or press F9).

Click on “Best Start Pepi” in the list of Web Forms available.
